## **Healthcare at the Tipping Point**

This documentary takes an in-depth look into how our dysfunctional health care system is damaging our economy, suffocating our businesses, discouraging physicians and negatively impacting on the nation's health, while remaining unaffordable for a third of our citizens.

The film was two years in the making, with more than forty voices advocating for reform, including: activists, health policy experts, economists, physicians, nurses, patients, business and labor leaders.

**Guest Speaker: Single Payer Advocate Dr. Bill Honigman**
